

July 2023

President's Report

I hope everyone is enjoying their summer.

I would like to thank everyone for making the 2022-2023 ASPE year a successful one for Central Ohio. It was great having a full year of in-person meetings, and I feel we had very interesting and diverse topics throughout the year.

I also want to thank the golf committee as well as everyone who joined us for the 2023 ASPE Golf Outing. We had a great turnout and raised money for the scholarship fund.

The upcoming 2023-2024 year looks to be a very exciting one. We already have speakers booked for the first few meetings with great topics. And this coming year the National Convention Planning Committee will begin ramping on their work in preparation for the 2024 ASPE Convention here in Columbus October 18th through the 23rd. They will be looking for volunteers to staff sign-in and welcome tables as well as reaching out to our fantastic Affiliate Members to get items for the delegate welcome bags. Keep these in mind over the next several months and I hope we can put together the best convention ASPE has had to date.

Mike Nickason

President

Registration Is Open for the 2023 ASPE Tech Symposium in Bellevue

This year's premier professional development event for plumbing engineers and designers, the 2023 ASPE Tech Symposium, is being held September 28 – October 1 at the Hyatt Bellevue in Bellevue, Washington, and early bird registration is now available at aspe.org/2023-tech-symposium until June 30. This is an excellent opportunity for professionals at all career levels to engage in productive technical exchanges and networking, including:

- Plumbing engineers and designers
- Mechanical engineers and designers
- Sales engineers
- Estimators
- Sales reps
- Applications engineers
- Technicians
- Master Plumbers
- Specifiers
- Consultants
- Students

MERLO[®]
ENERGY

A MEMBER OF THE KENDALL GROUP

DIGITAL-FLO™ SEMI-INSTANTANEOUS STEAM / WATER HEATER

Pre-Piped Digital Hot Water Generation & Control Solutions

- Featuring The Brain - ASSE 1017 certified digital recirculation valve.
- Choose from 16 standard assemblies or customize.
- Compact vertical design - small footprint.
- Simple tube bundle access.
- Optional SAGE™ Building System Interface with integral data logging to support AHSRAE 188 monitoring and reporting compliance.
- Water temperature raised above Legionella survival levels on every recirculation cycle.

Since 1917, Merlo Energy has been a manufacturer's representative and stocking distributor of steam, condensate, hot water, and air specialty products. More than just products, we pride ourselves in being a full solution provider for our customers. Focused on energy conservation, Merlo Energy provides services to help you reduce your energy costs.

Armstrong

VP Technical—Bill Deardurff

Hello to all ASPE Members and friends,

Hope you are having some “Family Fun” this summer and not just working.

The Sept. speaker will be Joe Rosca with ASC-ES (Anvil & Gruvlock). The topic will be Pipe hangers and supports.

I also have October and December scheduled. Please send me any ideas for speakers or topics for the rest of next year’s meetings. If you have already talked to me about one of these openings, please send me a new email.

Also, I hope you will consider going to the Technical Symposium, Sept 28 - Oct. 1. Go to the ASPE.org website for more information. I

won’t be able to attend this year but I have gone to many of them in the past. It is four days full of great educational material.

Bill Deardurff

ASPE Read Learn Earn

Every month ASPE publishes a new 12-question quiz with an accompanying chapter or article from one of our publications. Each quiz is available for twelve months. Each quiz is free for ASPE Members and \$35 for nonmembers. Through this special series, ASPE can help you accumulate the CEUs required for maintaining your Certified in Plumbing Design (CPD) or Certified Plumbing Design Technician (CPDT) status or numerous regulatory-agency CE programs.

July – Plumbing Fixtures

On-demand Webinars

Did you know? You can register for ASPE Webinars that you may have missed. Visit <https://education.aspe.org/on-demand-webinars> to register and view the library.

ASPE Book of the Month

Through July 31, 2023, you can purchase the digital version (ebook) of *Fire Protection Systems III* for 35% off the regular member price. Just enter coupon code **summertime** when you check out.

The fine print:

- Discount is only available for ASPE members.
- Discount can be used on the digital version of this publication.
- If purchasing multiple items, the discount will be applied only to the assigned publication.
- The coupon code can only be used once.
- The coupon code cannot be used on top of the Chapter Officer discount.

Check [ASPE Pipeline](#), social media, and your

inbox for news of upcoming Book of the Month discounts.

Additional Products Distributed: www.repsourcellc.com	Bathroom Partitions (solid plastic, baked enamel, stainless steel, laminate and phenolic), Bathroom Accessories, Lockers (solid plastic and metal), Water treatment products.

Golf Committee Chairman— Chad Dupler

It was another outstanding year of camaraderie, fun and support at the 2023 Central Ohio ASPE golf outing at the Golf Club of Dublin. A little rain didn't dampen the spirits of nearly 120 players. It certainly didn't slow down this year's winning team from Steffens-Shultz of Jason Plageman, Dan Bozworth, John Mills and Chuck Gerkin with a 11 under, 61. Nice going guys!

Other winners this year were Tim Patterson with closest to the pin, Tom Kandybowicz with long drive, Jevon Knox on the long putt proximity and closest to the fairway noodle game winner was Hanse Cromer.

Of course, the big winner is our chapter scholarship fund. All of the proceeds going into this fund to benefit two lucky recipients to help further their education.

This is all made possible by our most gracious affiliate members. Their support year in and year out is what makes our chapter strong. Special thanks go out to McWane Technical Services, Aalberts-Apollo Valves, Lowder Sales, SMINC, Rep Source, BWA South, Steffens-Shultz, Campbell Equipment, Macomb Group, Med Pipe, Merlo Energy and Industrial Sales. Thank you for your major sponsorship donations.

This year's volunteers out on the course, who so generously gave of their time was Alex Trombold, John McCann, Bill Lynch, Rob Williamson, Nathan Buss, Tom Deberson and Bill Deardurff. Thank you very much!

Another big thank you goes out to the Oglebay Boyz. This year donating \$1,500 to the Scholarship fund and the Matt Matrinkovich Scholarship Award. Thanks guys. Your good works is much appreciated.

Our big prize winners this year were Hanse Cromer, Tom Kandybowicz and Hayden Medich winning pro shop gift cards, Bob Snow won the big flatscreen tv, Hayden Medich also won our bourbon whisky prize and Joe Wolfe won a Bushnell Wingman.

Lastly, it goes without saying that this outing wouldn't be as successful as it is without the time and effort of our golf committee. It's because of them that the Central Ohio ASPE Golf Outing is the best one around. Hat's off to Hanse Cromer, Joe Wolfe, Tim Gleich, Matt McGovern, Eric Leman (semi-retired) and Don Konkle (retired). Great job guys and the Central Ohio chapter thanks you very much.

Save the date. Tuesday, June 18th, 2024 for another edition of the Central Ohio ASPE Golf Outing.

Have a good rest of your summer.

Chad Dupler

Golf Committee Chairman

VP Membership—Tim Firlik

Man, I can't believe that this summer is already half over! School will be starting in less than a month, which means we are restarting shortly after that! I am excited to see all our chapter in person again soon!

The Central Ohio Chapter of ASPE is looking for new members! Do **YOU** know of any?? Anyone that would benefit in Plumbing Technical Publications – Plumbing Convention and Technical Symposia - Certifications in Plumbing Design – Plumbing Codes and Legislation – Continued Education Programs and networking with peers throughout the plumbing industry. Please send them my email address and we'll get them signed up with this great organization. tfirlik@cmta.com

Membership renewal! If you are up to renew your membership, remember to do it today! We don't want to see you go!! There is a new option to be apart of multiple chapters! If you are interested, please keep The Central Ohio Chapter as your home chapter and sign up for as many others as you wish for only \$80 per chapter. You can also take advantage of Multiple-Year Membership Renewal.

Save on your ASPE membership dues if you join or renew for more than one year!

- 5% Discount for a two-year renewal.
- 10% Discount for a three-year renewal.

BENEFITS OF MEMBERSHIP

Becoming a member of the Central Ohio ASPE Chapter provides the following benefits:

- ASPE Plumbing Engineering Design Handbook
- Bi-monthly subscription to Plumbing Systems & Design magazine
- ASPEReport (in Plumbing Engineer magazine)
- Members Only ASPEnet Access (includes access to ASPE Data Books chapters)
- Publications and Education Programs Discounts

- ASPE Biennial Convention and Exposition (even years)
- ASPE Biennial Technical Symposia (odd years)
- Technical Seminars and Workshops
- Access to Earn Continuing Education Units (CEUs)
- Technical Books and Manuals (specific to the profession of plumbing engineering)
- Professional Certification / Recertification
- Continuing Education Opportunities in Plumbing Engineer magazine
- Alfred Steele Scholarship Program
- Local Chapter Affiliation
- Monthly Chapter Meetings and Technical Seminar Opportunities
- Networking Opportunities with Plumbing Engineers Worldwide
- Leadership Opportunities (Board of Directors, Region Chairs, Chapter Officers, Committees)

Please remember if any of your pertinent information has changed that it is your responsibility to notify ASPE National and The Central Ohio Chapter. You'll want to do this in order to remain on our mailing list.

CAST IRON SOIL PIPE & FITTINGS

Made in the U.S.A. • ABIFoundry.com/sales

"Apollo"® SmartPress

VSH technology

prioritize safety and reduce error costs with VSH technology

- one material, maximum efficiency (AISI 316)
- wide range of ½" through 2" fittings and valves
- up to 500 psi operating pressure
- temperatures ranging from -31°F to +446°F
- silicone-free production process
- patented 'smart' sealing element technology
- Leak Before Press® technology
- Visu-Control™ foil technology
 - color-coded materials and size
 - visual press indication
- patented pre-marked insertion depths

Apollo® SmartPress, the smartest press system for stainless piping

Ultra-modern manufacturing technology meets proven product design expertise with the all new Apollo® SmartPress fitting and valve product offering. Apollo® SmartPress is an innovative IPS press connection system designed for joining ½ through 2" ASTM A312 stainless steel in combination with schedule 5S and 10S piping systems (type 304/304L or 316/316L).

All Apollo® SmartPress products come equipped with a patented 'smart' sealing element. The special geometry creates both a grip function to prevent fitting from falling off pipe, as well as immediate tactile detection of the sealing element upon pipe insertion. In addition to this, the sealing element incorporates built-in Leak Before Press® technology and is manufactured and assembled within a silicone-free production process.

Apollo® SmartPress **HNBR**
-22°F to +212°F (230°F max)

Apollo® SmartPress **EPDM**
-31°F to +275°F (302°F max)

Apollo® SmartPress **FKM**
-4°F to +392°F (446°F max)

3x safety assurance

- Leak Before Press® technology
- Visu-Control™ foil color coded materials
- Visu-Control™ foil press indication

PLUMBING SYSTEMS: COMMERCIAL IRONHEART PR

CONTACT INDUSTRIAL SALES CO.
FOR SIZING, SPECIFICATIONS,
DRAWINGS OR QUOTATION. WORK
WITH LOCAL DESIGN ASSIST AND
FIELD START-UP, TRAINING AND
SUPPORT.

FOR WHERE IT REALLY MATTERS

SyncroFlo is based in Norcross, GA with over 50 years of experience manufacturing packaged pumping systems and the first to prepackage pumping systems for boosting pressure in domestic water distribution systems. The "IronHeart," which has been the core of our business since 1985, has been the industry standard for pressure boosting domestic water in commercial buildings. We offer 32 standard models featuring close coupled end suction pumps configured in duplex and triplex models with flow rated to 750 GPM and boost pressures to 190 PSI.

WHY A SYNCROFLO PRE PACKAGED SYSTEM?

All SyncroFlo IronHeart systems are manufactured to the highest standards within the 155,000 square foot facility. SyncroFlo has a superior Quality Management System that is ISO 9001:2015 certified. All systems bear the UL & ETL labels and are certified to UL 778 and UL 508A standards. All our domestic water systems including the IronHeart line are NSF/ANSI 61, 372 & Annex G certified for drinking water applications. Control panels are assembled in a UL 508A panel shop with a QR (Quick Reference) code identification for web based access to the project documents. All systems are factory tested in a NIST traceable test stand and the results are recorded for generation of an XY plot.

QUALITY CONTROL AND TESTING!

SyncroFlo's quality control program is on the leading edge of technology for our industry. Each system is tracked at all stages of manufacturing, assembly, and testing with web based reporting via hand held devices. All welding is performed by AWS or ASME qualified welders. Once manufacturing and assembly are complete, the system is connected to our NIST calibrated test rig. We then hydrostatically test and flow test from zero to 100% of design and under specified suction and net delivery pressures. Once on site, your only surprise is how easy the system is to startup and commission.
