Progressive Plumbing Supply is a stocking wholesale distributor for many of the manufacturers that are featured on these other sponsors' product line cards.

We stock the full range of residential plumbing supplies from very competitively priced "builder grade", up to the luxury end of the market. We have a beautiful showroom at our 13 mile and Mound location, and are happy to help with product selection on your commercial jobs-- or on your "friends and family" personal use needs.

The primary focus of our business is on the commercial market. We provide the fixtures, water heaters, pumps and piping products for schools, office buildings, restaurants and factories that you design.

We sell these products to the mechanical contractors who install them. We support the mechanical contractor with attendance at pre-bid meetings, quotations, submittals and O&M's.

Finally, Progressive Plumbing Supply also operates as a Division 10 Specialties distributor and installer. We supply and install toilet partitions, bathroom accessories, fire extinguisher cabinets, and projection screens.

We are delighted to work with these manufacturers and reps as a resource to support the work of our fellow ASPE members.
