# Women of ASPE

## There Is Strength in Numbers

Join the Women of ASPE (WOA) and become part of a group whose mission is to engage, retain, and advance women in the plumbing design industry through education, leadership development, and networking opportunities.

### There is strength in **NETWORKING**

Participate in WOA's biennial Leadership Forum, which brings together women in the field of plumbing design to network with their peers, learn about personal branding and how to apply it toward professional growth, and gain leadership and career development skills.

### There is strength in **ENGAGEMENT**

WOA provides a basis for building personal and professional contacts and networking with women who are practicing plumbing engineers, designers, and manufacturers.

### There is strength in **LEADERSHIP**

When you join WOA you automatically become a member of the American Society of Plumbing Engineers (ASPE). ASPE members are offered a wide range of opportunities for members to lead and serve on various committees, special-interest groups, and the Society Board of Directors, which help promote and advance the plumbing engineering profession.

Visit [aspe.org/woa](http://aspe.org/woa) to start your membership and learn more about the Women of ASPE. Questions? Call 847.296.0002 x227 or email [skidd@aspe.org](mailto:skidd@aspe.org).
