If you could travel anywhere, where would it be? If I could travel anywhere, it would be to Italy. **Why?** I would love to visit the place my grandparents called home.

What is your favorite animal? Why? My favorite animal would have to be the sea otter, simply because they are fun, cute and loving to one another. I love how they are always smoothing their fur on their faces, the fact they carry a favorite rock with them always, and how they hold hands while floating and sleeping. These are just a few examples.

What do you do to relax? To relax and gain a piece of calm, I burn sage and candles, while journaling or reading.

Do you have a nickname and how did you get it? When I was little I traveled to Puerto Rico every summer, and there is where I was given the nickname of Chachi. If I were to go to Puerto Rico today, no one would know of me by Lisa, only Chachi.

What is your favorite meal and is it prepared at home or found at a restaurant? My favorite meal is made at home and is called a Pastelon. It is pretty much a Puerto Rican version of lasagna. Instead of lasagna noodles, we layer sweet plantains along with the sauce, ground beef, and cheese. It's absolutely amazing.

Who would you want to play you in a movie of your life? If I could have a celebrity play me in a movie, it would have to be Sarah Jessica Parker, all the way. From her spunky personality, to her fashion, to her hair—Love, Love, Love!
