What book do you recommend everyone should read? I enjoy helping people find a book they will love. In my previous job I worked with librarians, so tell me what kind of books you like, and I will have a recommendation. But be forewarned, most of the books I will recommend are written for young adults.

If you could travel anywhere, where would it be? Why? I would travel to Africa and Antarctica. Those are the only two continents that I have not visited yet.

What are your hobbies outside of work? I like to travel, golf, and shop. Luckily, these hobbies work well with each other!

If you could play any sport professionally, what would it be and why? I would be a professional golfer. Some days I like the sport more than other days, but I would love to travel the world playing different courses.

Do you have a favorite vacation spot? Where is it and why do you keep going back? I love to go to Ireland. I get to visit with family and explore new parts of the country while I am there. I try to get back every couple of years, so if you have recommendations of things to do, let me know, especially in Co. Cork.
