March 1, 2017

Jerry Carter, CEO
NCEES
P.O. Box 1686
Clemson, South Carolina 29633

Mr. Carter:

At its meeting on January 17, 2017 the Ohio State Board of Registration for Professional Engineers and Surveyors was presented with a request to support the American Society of Plumbing Engineers' (ASPE) proposal to add a plumbing option to the Mechanical Engineering Principles and Practice of Engineering exam developed by NCEES. The Board voted unanimously to support ASPE's proposal provided the request meets NCEES' requirements and criteria for developing new exams.

Sincerely,

OHIO STATE BOARD OF REGISTRATION FOR
PROFESSIONAL ENGINEERS AND SURVEYORS
