What are your hobbies outside of work? They are traveling, Crossfit, hiking, and biking.

What is your favorite type of music, band, and song? In order: classic rock, Led Zeppelin, Stairway to Heaven.

What do you do to relax? I listen to music and read.

Do you have a favorite vacation spot? Yes. Hilton Head Island and Utah. I love the island vibe, warm sand, and ocean breeze in HHI. I'm addicted to the scenery, deep blue skies, and hiking in Utah's five national parks.

If you could live anywhere, where would it be? St. George, Utah **Why?** See above, plus it has an affordable standard of living, pleasant weather year-round (no snow!), proximity to more national parks outside of Utah, and the beaches of the West Coast are within a several-hour drive.
