

ASPE TechSymposium2021

Devin A. Abellon, PE

Devin Abellon is the Business Development Manager for Engineering Services at Uponor

North America. Prior to joining Uponor, he was the Managing Principal of LSW Engineers Inc. in San Diego. He has more than 25 years

of experience in the HVAC and plumbing industries with a focus on high-performance

and sustainable building design and construction. He is a registered Professional Engineer and has been active in both ASPE and ASHRAE. He has held several leadership positions within ASHRAE at the local chapter,

region, and society level and currently serves on the ASHRAE Board of Directors as the Region X Director and Regional Chair, Handbook Subcommittee Chair for ASHRAE TC 6.5 and as a facilitator for ASHRAE's Leadership Academy.

Leading Intentionally: A Young Professional's Guide to Developing Their Personal Leadership Vision in Construction & Beyond

This session is an interactive workshop centered around creating strong leadership values to make a positive impact in one's work and personal life. Attendees will walk through a process aimed at developing the leadership vision that will serve as their guiding light throughout their career by being intentional and focused via thought-provoking guidance in this 90-minute segment. Each participant will determine what makes a strong leader, how to show up in their personal brand with these core values as their guiding principles, and opportunities to align with their personal mission statement in big and small ways. Whether leading in the plumbing or construction industry, at home, or in our communities, strong leaders are at the forefront of those who move the needle. This workshop will show attendees how to do it well.

Michelle Gbur

Michelle Gbur is a professional speaker and the author behind michellegbur.com, a website dedicated to self-growth, intentional leadership, and helping others improve their mental wellness. Michelle coaches others on how to live their best lives with practical tips on personal development, anxiety management, self-compassion, processing trauma, and manifesting their wildest dreams. She has a Bachelor of Engineering in Mechanical Engineering, along with certifications in stress management, energy healing, and ayurvedic medicine. She works in Nashville as an AEC Sales Engineer representing plumbing manufacturers in beautiful Music City.
